Search Engine Optimization (SEO) and Marketing Package 2011

Available to current clients of eMallsAmerica, Inc. only

Did you know, 92% of internet users use Search Engines to find what they want. This means that if your Website is not listed in Search Engines, it probably won't be found. Just by having your site listed in the Search Engines, your site can be noticed by millions of people around the world.

Submission is the first step to getting your Website listed in Search Engines. You could manually submit you site to the thousands of Search Engines on the Internet but that would take months and you have better things to do. Let us automatically submit your Website for you in just a few minutes when you Sign Up Today!

Search Engine Submissions to

and many more.

While the list of Search Engines and Directories we submit to is constantly being updated, we maintain a list of the most common and popular ones. We also submit your site to many Web Directories & Link Sites so you can get even more traffic!

eMallsAmerica, Inc., through our division Kwikit.us (unlike other submission services) guarantees that your site will be submitted to the top search engines and directories. With kwikit.us you will no longer have to wait months for your site to be listed. Submissions begin instantly when you Sign Up !

We Check and Re-Submit monthly for a Full Year!

By regularly updating the content of your Website and re-submitting it, you can dramatically increase your search ranking. That's why Kwikit.com will check for updates to your Website and re-submit it every month. This keeps your listings fresh in the Search Engines and helps increase your results.

Billing is simple ... You can pay for your Yearly Account in two ways:

Monthly payments of \$50.00 per month, or \$500.00 for the Whole Year, that's like 2 Months FREE !

(Notice: By acceptance of this program you must commit to a minimum period of 12 months.)

We use Optimization Tools to Fine Tune your Website

Our tools have been created with the help of top Search Engine Experts that know what the Search Engines are looking for. We compare your Website to your competitors, analyze your pages and see how to fine tune them for better results, and use our Search Engine Simulator to see your site the same way the Search Engines do.

The first step to getting more traffic is getting listed in the Search Engines. Our system automatically submits your Website to all the Major Search Engines and Directories. We also review and submit your site to the Top Search Engines by hand to make sure that it is accepted. After we submit your Website we use our analysis tools to fine tune your Website and improve your Search Rankings.

We use our analysis tools to help optimize your pages and improve things like Keyword Density (the ratio of keywords to other text), Page Weight (the overall size of your pages), compare your Website to top ranking sites for search terms and lots more. Additionally we include a Google site map on your site at no charge. The site map will be updated when necessary and re-submitted.

All our webmasters are register Google, Yahoo, and Bing webmasters.
